

Travel Directions

- The Centre is situated on the eastern side of Lake Windermere, about three miles south of Bowness along the A592 to Newby Bridge.
- The grid reference for the Centre is S.D. 394928
- From the south, the easiest approach is to follow the M6 to junction 36 and then turn left onto the Kendal by-pass for the Lakes.
- Turn left off the A591 at Windermere and down to Bowness. Follow the A592 towards Newby Bridge, passing the Ferry turn-off and Storrs Hall Hotel.
- After the hotel the road rises well above the level of the lake and after half a mile passes a road junction on a sharp bend.
- Three hundred metres beyond that is a minor road junction marked by a red post box and the sign “Cartmel Fell - Fell Road Only”.
- Turn up this minor road and, in 250 metres on the right, the top drive entrance to the Centre is reached.
- Private cars should enter only by the top drive. Coaches need to be parked on the main road as the minor road is too narrow to allow turning.
- If you see the Beech Hill Hotel on your right-hand side, you have missed the road junction and must retrace your route for a half mile.
